The Participating Jurors

Music Juror -> Roli Mosimann

Roli Mosimann is an accomplished drummer, electronic musician and record producer whose contributions range from industrial to pop among many other musical styles. Originally from Switzerland, Mosimann first made his mark in the New York City no wave band Swans and later collaborated with Foetus mastermind J.G. Thirlwell as Wiseblood. In the producer's helm, he has manned the boards for **The Young Gods**, **The The**, **New Order** and produced **Faith No More's Album of the Year** among countless others. Currently he's involved with NYC live electronic project Nerve/Prohibited Beatz. His virtuosity with the mixing boards, outboard gear and his musical instincts has made him the top choice for many projects in studio as well as in live situations.

Movies Juror -> Christopher Cooke

Christopher Cooke served as **Executive Director** of the **Suffolk County TV/Film Commission and Office of Cultural Affairs** for over twenty years. During this time he founded the **LONG ISLAND FILM FESTIVAL**, now based in Glen Cove, N.Y. where it will celebrate its 25th year of screening independent films in 2008. As a **film/TV producer** his credits include "Rhythm Thief", "The Poe Project", "**Small Kill**" starring **Gary Burghof (M.A.S.H.)**, "The Headhunter's Sister" and "Spare Me!" 1st prize winner at the Avignon Film Festival. As an actor in television he has appeared in "Spin City", "All My Children" and "As the World Turns"

Video Art Juror -> Jerry King Musser

Formally educated as a **documentary filmmaker** (Temple University, Philadelphia), Jerry King Musser finally returned to motion work after many years working as a graphic designer. Musser's first job out of college was to shoot television news for USA News affiliates in Hartford, Connecticut and Boston, Massachusetts (large, heavy 16mm S-O-F, Frezzolini cameras in those days). He was also one of the very early filmmakers chosen to create **station identifiers for MTV**. One was nominated for a **CLEO** along with animator Fred Miles. Jerry has worked on music videos for Golden Earring (with Dutch artist, Paul DeNooijer) and for **Dan Hartman** of **The Edgar Winter Group**. Musser has created national and regional television commercials and numerous commissioned documentaries.

Animation Juror -> Silvano Mezzatesta

Silvano Mezzatesta started his career as cartoonist in 1990, and he cooperated with many national and international production companies. He worked in featuring animation movies, TV serials, adverts, pilot movies and TV special documentaries.

In 2001 he started teaching Animated Cartoon Design Technique at the prestigious "**Scuola Internazionale di Comics**" in Florence. Here's a very short list of the productions he cooperated in: "**La Freccia Azzurra**", "**Lupo Alberto**", "Cocco Bill", "**La Gabbianella e il Gatto**", "Opopomoz", "Hocus and Lotus", "Zorry Kid" and

several adverts for Kinder and Ferrero.

The Performance

“AWAY?”

by Emanuele Baciocchi, Florence, Italy

“Away?” it’s a photo project about the journey divided into three sections:

VIRTUAL TRIPS. The imaginary of the tourism: saturated and reassuring representations of more or less far away places “on mouse hand”. The illusion of the web user to be able to know without touching, a virtual trip that begins long before a real departure.

POSTCARD CITY. Riders images looking for beauty in space and time in an art city turned into an open air museum.

AWAY. The astonishment and the emotion of a no-destination trip: images of “transit” places and landscapes, denied by the glance of the speed in which they are usually walked.

by Emanuele Baciocchi, Florence, Italy

A visual analysis of the journey of Florence resident tourists. An immediate series of snapshots showing the reality of the city life trough the eyes of this great Florence photographer. “Away?” as being taken far from the city or being excluded by the undeveloped and far too exploited conservation of an open-air-museum?

The Concert

The Mirrors – Milano/Italy

The Mirrors are a rock quartet formed in 2003 in Milan, Italy. They play rock and psychedelic pop with influences from the Sixties and Seventies. The average age of the band is 23. One of the most interesting emerging Italian bands. The Ecophononic Records’ band has a powerful indie UK brit alternative sound with powerful melodies and a great stage presence.

Bohagey Bowes – NY/USA

"What planet can I live on?" is the latest CD release. Driven by keyboards, guitars, loops and voices, with layered melodies and sensual saxophones and harmonicas, BOHAGEY BOWES blends both the old and the new to create a sound that's at once familiar yet lucky strike fresh at the same time. Musician/Director Brian Hallas decided that video was the best way to let the world know about Bohagey Bowes and created a video for the song This Isn't It, the opening tune on the album. 4 of the finest NY musicians guided by Brian and a great Canadian VJ performance will drive this musical visual groovy poetry performance.
